Mr. Cochran and Ms. Staples,

Over the last four years, you have both worked countless hours in an effort to make our high school experience amazing. With your help, we have survived four spirit weeks, danced through two great froshmores, hosted a remarkable Halloween dance, thrown a once in a lifetime junior prom, and achieved a legendary senior week victory. None of this would have been possible without your hard work and commitment to our class.

Since freshman year, Wednesday mornings have been filled with happiness and ambition, as we have worked together to create the best possible events and opportunities for the Class of 2018. Although we have faced some daunting tasks, you have always encouraged us to take risks and have truly shown us the significance of thinking outside the box. The importance of working as a team was never compromised under your supervision, placing crucial emphasis on the values of collaboration and communication.

Thank you for always believing in the magic of the Class of 2018 and for never giving up on us. We are eternally grateful for everything that you have taught us, and we will carry these lessons in our hearts for the rest of our lives.

Thank you for four incredible years,

Lauren Freed and Emma Winey
President and Vice President of the MHS Class of 2018

Class of 2018

Dear Seniors,

Our high school experience is something each of us will always hold dear to our hearts. Throughout this journey we have faced many ups and downs, but no matter the result, each of these encounters has shaped us into the 228 individuals that we are today. We have made friends that will last a lifetime and memories that we will never forget. Throughout our 4 years, we have had some help along the way from teachers, principals, family and, of course, each other. Each of those special persons has continued to guide us in the right direction, to support us in our decisions, and to have faith that we will become the very best versions of ourselves. Now it has come the time to make new memories, and although we will always cherish the old ones, we see the infinite possibilities of what we may face in the future. As we embark on the next chapter in our lives, we wish each and every one of you the best of luck in whatever your next steps may be. When you look at this yearbook, we hope that it reminds you of possibly some of your most favorite times here at Melrose High School. As the class of 2018, we are ready for whatever life may throw at us. So, "To Infinity and beyond!" because Buzz Lightyear had a pretty good idea.

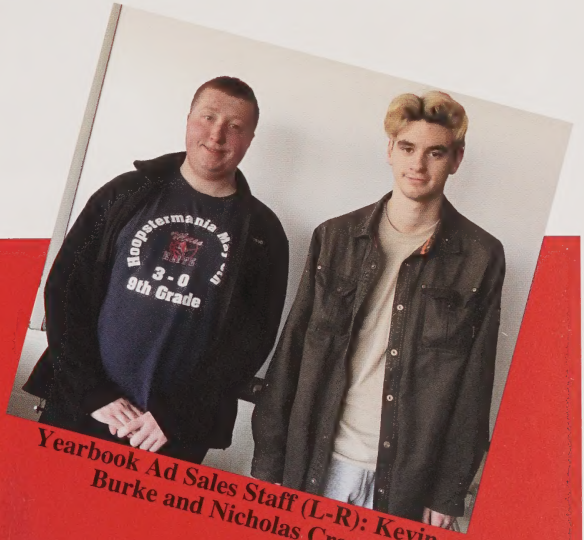

Congratulations and Best of Luck!
